

A warm welcome back to Primary 5 and a Happy New Year to all.

Literacy

Our Literacy this term will be linked to our Titanic Topic. The children will write menus, diary entries and fact files.

This term we will be starting a Novel Study. This will involve the whole class all reading the same book and will be carried out in class. We will be working on a variety of literacy based activities to help develop a deeper understanding of what they read. Please encourage your child to read for enjoyment at home during the novel study.

Numeracy

This term we will be looking at multiplication, division and the links between both. As always, work on times tables will be ongoing.

In Maths, we will be working on co-ordinates and compass directions. We will also be building on our skills and knowledge within the area of measure.

Topic (IDL)

We will continue our 'What's for Tea' topic for part of the term and will continue to develop our food preparation skills.

Our new topic will be all about 'The Unsinkable Ship -Titanic'. We will be receiving letters to give us new missions every few days. We will be working across the curriculum and applying our knowledge and skills in Art, Literacy and Numeracy.

Science

This term the children will be experiencing a range of science activities during science week and we look forward to our generation Science workshop too.

Health and Wellbeing

From the 27th Feb children will be taking part in Rugby lessons every week as well as working with Mrs Jones.

*Please make sure that your child has a complete P.E. kit daily in school

I look forward to continue working with you all.
Ms Gordon
