

Learning and Celebrating

Primary 5 Term 1 Newsletter

A warm welcome to Primary 5! The children have all settled very well into their new class and are working really hard. Here's to a good year ahead!

Literacy

In Writing, P5 will be designing menus, newspaper reports, comic strips, poems and diary entries, all linked to our topic.

We will be engaging with a variety of texts linked to our topic also, including reading for information and note taking. In French, we will be starting to read and write as well as speak the language.

Numeracy/Maths

This term we are working on number processes and applying our knowledge of the four processes (addition, subtraction, multiplication and division) in problem solving situations.

In Maths, we are extending our understanding of measure in practical and written activities.

Interdisciplinary Learning

Our main topic until October will be all about 'The Unsinkable Ship - Titanic'. We will be working across the curriculum and applying our knowledge and skills in Art, Literacy and Numeracy. The children are already enjoying learning about Titanic.

Health & Wellbeing

Our P.E days are on a Wednesday with Mrs Jones and a Tuesday with Mrs McGlade. Please make sure that full kit is in school. Your child should bring a named water bottle to school with them every day with water only. Outdoor shoes and clothes may also be needed.

Other Information

The school is still working towards our Rights Respecting Schools Award and we have already written our class charter based on the Rights of the Child using a superhero theme.

P5 will have a problem-solving lesson on Thursdays from Ms Gordon.

Our One Planet Picnic (for Eco Schools) is on the 13th of September.

Our first LOLs will be issued on the 19th September.

We look forward to working with all the children and thank you for your continuing support. It was lovely to see so many of you at Meet the Teacher.
Mrs McGlade and Mrs Dorren.
