

Learning and Celebrating

Primary 6/7 Term 4 Newsletter

Welcome back to the final term of P6/7 school! This will be a busy term with both P6 and P7 camps and lots of transition work for our P7 pupils. Exciting times! Please see important dates for the diary noted below.

Literacy

For reading we will be working on a novel study "Holes". We will be applying our analysing and evaluating skills, at the end of our novel study we will watch the film "Holes" and compare similarities and differences.

Our writing will also be in the context of Holes with a range of genres explored throughout the study.

Please remember to record all of the books you read on your First Minister's Reading Challenge reading passport.

Numeracy

This term in numeracy, we will be continuing work on fractions, percentages and decimals and identifying the links between these. We will also be consolidating what we have learned so far this year.

In maths, we will be developing our knowledge about both 2D and 3D shape and looking at measure including perimeter, area and scale and also weight and capacity too.

Interdisciplinary Learning

During health fortnight, we will be taking part in parkour sessions, learning more about mental wellbeing, taking part in hockey taster sessions with Eskvale Hockey Club, trying out some creative daily miles and joining in with a pulse race.

As you know we are working towards our John Muir Award. This will be on-going throughout the final term.

We will also be working hard on our P7 end of year show "Blast from the Past".

Health and Wellbeing

This term P6/7 will be having an alcohol and drugs awareness workshop with PC Cassidy. We will also look at other potentially risky situations.

Please ensure you have your full gym kit in school as we look to start a block on athletics with Mrs Jones.

Please also bring a water bottle to school.

Dates for your Diary
