## Primary 4 Term 4 Newsletter

Welcome back to school for the final term of Primary 4! It's hard to believe that we're already here. It has been lovely hearing what the children have been up to in the holidays. Primary 4 are settling back into their routines and looking forward to the events between now and the Summer holidays.

### Literacy

As well as continuing with our reading books, our focus this term will be to develop children's skills in finding and using information in non-fiction texts. This will be linked to our topics.

In Writing we will be revising instructions, completing work on reports and looking at skills involved in imaginative writing. I am looking forward to reading the children's stories.

### Numeracy and Maths

We are continuing to develop our work on times tables and number bonds as well as looking at different methods for addition and subtraction. We will also be looking further at fractions.

In Maths we will continue our learning about Measure before we move on to look at Angles and Symmetry.

### Interdisciplinary Learning

We will start the term by completing our work on our Vikings topic. Following this, we will be developing our knowledge of Hinduism. This term we are having a focus on Healthy Eating, and linking this into our whole school Health Fortnight.

### Health & Wellbeing

Our PE days for this term are Wednesday with Mrs Jones and Thursdays with Miss Holmes. Please ensure that children have their gym kit on these days. This term we will have a focus on Athletics

We will be continuing our work looking at different methods to keep ourselves safe and taking part in regular Circle Times.
