

Cornbank Primary School

where everyone works together to inspire learners

to be their best now and in the future

Primary 4 Term 2 Newsletter

Welcome back! We are looking forward to a busy and fun filled second term and we're sure the children will continue to apply the same enthusiastic approach to their learning as they have so far. It was lovely to see you all at the parental consultations and we hope you will continue to let us know if you have any concerns about your child's learning.

Literacy

The children will continue to work in their reading groups, and this term will be focussing on the skills to help with Finding and Using Information. We would encourage you to support them reading for enjoyment at home.

In Writing, we will be focussing on imaginative writing, creating instructions and poetry writing. We will continue to develop our Listening and Talking skills across a variety of curricular areas.

Numeracy and Maths

In numeracy this term we will be looking at place value and the importance of zero. This will involve being able to describe the link between a digit, its place and its value.

In Maths, we will be completing our work on Shape before going on to look at Measure and Data Handling.

Interdisciplinary Learning

We are continuing our Titanic topic into the beginning of Term 2. Afterwards, we will be starting another topic entitled Farm to Fork, where we will be exploring the journey food takes before it reaches us. This topic has key links to Health & Wellbeing and Technologies; however, we will also link our learning within Writing. Primary 4 will be taking part in Science Week and will share their learning at an assembly.

Health & Wellbeing

Primary 4 will continue to visit Mrs Jones for P.E. on a Thursday. Please ensure that children have their gym kit on this day.

Primary 4's swimming block will continue each Wednesday, with our final session on 27th November. Thank you to all those who help out; we couldn't give the children this experience without your support.

We will be continuing our work on friendships and taking part in regular Circle Times.

Home Learning & Dates for Diaries

28.10.19	LOLs issued
28.10.-01.11.19	Science Week
29.10.19	NSPCC visit
