

Cornbank Early Learning and Childcare Setting

Social Media Policy

At Cornbank ELC we use a closed Twitter page to share photos and messages with our Cornbank families. Our Twitter site is managed by our Senior Early Years Practitioners. Families are invited to join the closed page and details are verified prior to confirming followers.

All new children who start at Cornbank ELC need to complete the photograph permission and give consent for their child's photo to be shared on social media.

If a parent states that they do not wish for their child to be shared then this is shared with all staff and the child will be edited out of any photos.

Photos shared on the Twitter page do not refer to the child's name or their details.

No confidential information is communicated on Twitter either through the main site or messenger.

All staff are made aware of and understand Midlothian Social Networking Policy.
